

Release Notes

Student Attendance Report Updates

General Overview

The purpose of this task is to update the Student Attendance Report filters screen to bring it in line with other reports.

How will this benefit me?

This change will bring the report filters in line with other reports, making it easier to find filter options.

Where will I see these changes?

These changes will only affect the filters screen for the Student Attendance Report.

What is being changed/added?

The filters screen is being updated to use new styling, bringing it in line with other reports.

How does this work with existing settings?

This change is purely visual; it does not update any functionality or the expected outcome of the report.
